2009-11 Budget Bill Statutory Language Drafting Request

- Topic: Continuing Appropriation for Urban Forestry Resource Aids
- Tracking Code: BB0073
- SBO team: Agriculture, Environment and Justice
- SBO analyst: Leah Wavrunek

 - Email: leah.wavrunek@wisconsin.gov
- Agency acronym: DNR
- Agency number: 370
- Priority (Low, Medium, High): High

nee/rask

Intent:

Split the current appropriation under s. 20.370(5)(bw) into two separate appropriations. Urban forestry grants would be housed in a new, continuing appropriation while county forestry grants would continue under s. 20.370(5)(bw) as an annual appropriation.

The agency suggested the following statutory language:

- Create s.20.370(5)(bp) for urban forestry grants to read as follows:
Resource aids – urban forestry grants. As a continuing appropriation, the amounts in the schedule for urban forestry grants under s. 23.097. Funding for this appropriation would be \$529,900 per year.
- Modify s.20.370(5)(bw) for county forestry grants to read as follows:
Resource aids – county sustainable forestry, and county forest administration grants. The amounts in the schedule for county sustainable forestry grants under s. 28.11(5r), county forest administration grants under s. 28.11(5m). Funding for this appropriation would be \$1,598,200 per year.

Under current law, moneys are available to DNR from one appropriation for grants for various local forestry projects. DNR awards urban forestry grants to counties, cities, villages, towns, and nonprofit organizations for up to 50% of the cost, of certain urban forestry projects, such as tree inventories and disease evaluation. DNR also awards grants to counties for sustainable forestry costs and for the costs of employing and providing support to the county foresters. This bill creates a separate appropriation solely for the urban forestry grants, and limits the existing appropriation to the county sustainable forestry grants and county forest administration grants.

Hi Mary,

I have a change to draft LRB-0364/1 relating to a forestry appropriation change at DNR. The initial request split s. 20.370(5)(bw) and made the new appropriation s. 20.370(5)(az) continuing. Now, I would like the original appropriation under (5)(bw) to keep the current law grants but make that appropriation continuing.

Basically, no new appropriation and make the original continuing instead of splitting them.

Please let me know if you have any questions.

Thanks,

Hi Mary,

I have a question on the draft relating to local forestry grants. Is the change to s. 23.097(1g) just a technical change? It doesn't seem completely related to changing the appropriation from annual to continuing.

Thanks,
